###

The Ben Massell Dental Clinic (BMDC) is the only resource for comprehensive, quality dental care available to indigent individuals in metro Atlanta. In addition to the medical issues associated with lack of proper dental care, oral disease can take an incalculable emotional toll. By restoring dental health, the Clinic has a life-changing impact on more than 6,000 patients each year.

Jewish Family & Career Services is the parent organization and operator of the Clinic. A nonprofit, nonsectarian human service agency founded in 1890, JF&CS boasts a rich tradition of fostering volunteerism and community service. The clinic was the first in North America to utilize volunteer dentists to provide every specialty in dentistry and the only facility of its kind in Georgia.
