

Jalynn Williams attends Griffin High School in Griffin, GA. She is a 15 year old Sophomore and a native of Englewood, New Jersey. What she enjoys most about being a part of Sound of Youth is making her peers socially aware of everyday situations in today's world and being able to give her opinion. She also likes the fact that taping gives her the experience that she will need when she attends college in the future and majors in Communications. This is Jalynn's first year taping with Sound of Youth.
